Orphans Africa is a charitable not-for-profit organization working to improve the lives of orphans and widows in Tanzania, Africa

ORPHANS AFRICA

Who We Are

Orphans Africa began with the coming together of three people with a common vision: to help create a world of peace in which all are honored. Together they traveled to Tanzania and met with the directors of the **Marilynn Orphans Projects Foundation (MOP)**, a grassroots nonprofit organization founded by Tanzanians

whose goal is to educate some of the 2.5 million orphans living in Tanzania, and to provide widows

with the training and opportunities to become self-sufficient. Orphans Africa (OA) was subsequently formed as a nonprofit corporation in the USA, specifically with the goal of partnering with MOP and providing them with the resources to accomplish their vision.
