Dear Friends,

Thank you for your dedicated support of Orphans Africa (OA), which has provided the foundation for our successes in Tanzania. Over the past fourteen years, we have accomplished much delivering education, food, clean water, medical insurance, housing, hope and love to the students, families and staff in Tanzania!

Here are a few highlights of our achievements:

- OA implements self-sustaining revenue-generating sources to ensure our schools are able to continue independently in the future. These sources include vegetable and fruit crops, livestock, honey bee hives, a stationery store, and a barber shop.
- Revenues increased 16% to \$280,000 in 2021.
- We provided medical insurance for the orphans, preventing serious illness and saving lives.
- For the fourth consecutive year, OA was named a “Top-Rated NonProfit” by GreatNonProfits in 2021.

Thank you for joining us on this journey of education, hope and opportunity. Your generous support has enabled us to continue accomplishing our mission of educating orphans in Africa. We look forward to continuing to serve the orphans.

Sincerely,

Orphans Africa Board of Directors
