### ORPHANS AFRICA DEVOTED 93% OF ITS TOTAL EXPENSES TO PROGRAM

## FINANCIAL FACTS:

- It costs \$45.00 to wire money internationally to Tanzania. OA frequently sends three wires in one month, one to each of their projects.
- OA Co-Founders subsidized the Management and General Expenses with \$1,533.90 from their personal funds. When this is taken into account, only \$1,261.63 of public funds was used toward Management and General Expenses. This means that, in 2009, **96.7% of every dollar donated by the general public went directly to programs!** This is commendable, considering that, for most charities, an average of 70-80% of total expense goes toward programming. General expenses include wire fees, software, postage, and more.
- “Volunteer Fees” are those fees collected from volunteers who travel to Tanzania and volunteer in our programs. OA keeps none of the volunteer fees; instead, the fees are immediately dispersed to our field partners in Tanzania. The field partners use the money to house, feed, and guide the volunteer, and also to supplement the various programs benefiting the orphans and widows.
- “OA Staff Support” is money that goes toward paying a \$150/month salary to Wilfred Batakanwa, the OA coordinator in Tanzania. Additionally, OA provides \$40/month for Wilfred’s transportation and communications expenses. Additional travel expenses are sent whenever Wilfred travels across Tanzania (700 miles) where he assesses OA project sites and reports on their status. Other donated supplies such as a computer, software, and a digital camera, were provided to Wilfred to give him the tools necessary so he can monitor the various projects and file timely reports.
